DR. DIMITRIOS KARASTATHIS

DDS, MSc, Dip Perio, FRCD(C)

Dr. Dimitrios Karastathis completed his training in Periodontics and a Master's Degree in Craniofacial Sciences from the University of British Columbia in 2011. He currently owns and operates a full-time periodontal practice in Vancouver, where he performs numerous surgical procedures including pocket elimination surgery, crown lengthening, gingival grafting, and complex bone grafting and implant placement. In addition to his practice, Dr. Karastathis teaches the residents at VGH and UBC, and lectures both nationally and internationally on the topics of peri-implant disease, gingival grafting, and implant planning and placement. When not practising dentistry, Dr. Karastathis enjoys practicing Jiu-Jitsu, travelling with his family, and spending time on Saltspring Island.

Clinical Assistant Professor at UBC Faculty of Dentistry, Department of Periodontics

Co-author: Chapter 38 Dental Hypersensitivity Management; Dental Hygiene: Theory and Practice
Third Edition, Darby ML & Walsh MM; 2010
