

ORTHODONTICS STUDY CLUB WITH DR. BELINDA WELTMAN

VDEC's Orthodontics study club is designed for the novice practitioner who wants to learn orthodontics starting with the basics and moving up to more complex cases. Students will learn Fixed Edgewise Appliance didactic and hands on practical skills, Invisalign protocols and treatment planning, team development, appointment bookings, payment plans, supplies, and scheduling. Students are also encouraged to present cases and share their knowledge in this safe and fun environment. Dr. Weltman has instructed VDEC study groups in the past and students have commended her intelligence, mentorship and caring nature.

Dr. Belinda Weltman grew up in Vancouver, and is a certified specialist in orthodontics and Fellow of the Royal College of Dentists of Canada. She obtained her dental degree at the University of Manitoba, and her specialty training at The Ohio State University. Belinda is an Invisalign Diamond Provider and recognized Kois Specialist, strongly believing that evidence-based approaches are essential in orthodontics.

"Dr. Weltman has given me the courage to start my first orthodontic case outside of school. She is professional and personable, which made asking questions easy."

-Dr. L. Cho, Inspire Dental Group
